

MEMORIAL HERMANN

March 1, 2017

Dear *In the Pink of Health* Supporter:

Your investment in our organization has made incredible things possible in these past seventeen years! On behalf of the *In the Pink of Health* Committee, THANK YOU for all you have done to support breast and ovarian health in our community!

We hope you will join us for this year's *In the Pink of Health* luncheon on **Friday, September 29, 2017** at The Woodlands Waterway Marriott. As one of our valued sponsors, we would like to extend this opportunity to you early to participate since this event sells out months in advance each year!

Memorial Hermann and *In the Pink of Health* are humbled by our community partnerships and the work they have enabled us to do since 2001. Since our inception, this event has generated nearly \$5 million which has been invested in technology, prevention, community outreach and education, all to reduce the incidence of breast and ovarian cancer and to support those fighting cancer.

Here is how the past generous donations have supported our mission:

- Seed money and ongoing support for CANOPY, a truly one of a kind cancer survivorship center located on the Memorial Hermann The Woodlands Hospital campus that is open to anyone who is battling any type of cancer, regardless of where they are receiving treatment. All services at this center are underwritten so there is no charge to anyone receiving services there.
- Free mammograms for uninsured or underinsured women. With our partner, The Interfaith Community Clinic, we welcome unlimited referrals to our Breast Care Center for free screening mammograms to women who could not otherwise afford it.
- Continued investment in state-of-the-art technology that improves the detection and treatment of breast cancer.
- Continued funding for partner organizations like The Rose who make treatment possible for women who would not otherwise be able to afford treatment for breast cancer and Judy's Mission who emphasize the critical nature of early diagnosis of ovarian cancer and fund ovarian cancer research.

It is likely that you or a loved one have been impacted by breast or ovarian cancer. We are honored to serve as co-chairs for *In the Pink of Health*, a project that is truly making a difference in the lives of those battling these insidious diseases. Won't you join us in the fight?

We look forward to visiting with you! We will follow-up in the coming weeks to discuss your interest. In the meantime, please visit our website at inthepinkofhealth.org or contact our Sponsorship Co-Chair Carrie Hyman at (832) 797-6356.

Warm regards and many thanks,

Cheryl Brady
Event Co-Chair

Tiffany McClung
Event Co-Chair

In the Pink of Health is a group of inspired women who change lives by raising funds to reduce the incidence of breast and ovarian cancer and assist survivors in their journey.
