Inflammatory Bowel Disease Event

Join us as gastroenterology experts and colorectal surgeons from UTHealth Medical School who are affiliated with Memorial Hermann-Texas Medical Center provide an in-depth look at the origin, prevention, diagnosis, management and treatments of inflammatory bowel disease, including related complications. The goal is to educate you and enhance your awareness of recent advances and developments in inflammatory bowel disease treatments.

Saturday, May 17, 2014
9 a.m. to Noon

Ertan Digestive Disease Center
Gastroenterology Center of Excellence

6400 Fannin, Suite 1400
Houston, TX 77030
